

Bush-Craft Extension Pack

Congratulations!

I hope you enjoy this asset and that it'll only add value to your project. In keeping with the same recipe as before, this pack certainly is the perfect companion to the free Bush-craft Starter Pack. Please go download it if you haven't yet got it.

Prefab names have kept the same logic, texture maps the same variety and modelling the same style.

Please keep an eye out for new releases and updates. We'll also greatly appreciate it if you can star-rate the asset or even take the time to write a comment.

Thanks again!
